PROFESSIONAL SUMMARY

MBA (Finance) candidate at Institute of Management, Nirma University with a B.Tech in Computer Science, blending financial analysis with strong data and business-intelligence skills. Experienced in computing 15+ financial ratios, benchmarking companies, and building interactive dashboards that turn raw data into decision-ready insights. Seeking a Financial Analyst / FP&A role where analytical rigour and technical fluency add measurable value.

INTERNSHIP EXPERIENCE

Mirrikh Infratech Pvt. Ltd.

Apr 2026 – Jun 2026

Financial Analyst

- Analysed FY22–FY25 financials from MCA filings, computing 15+ ratios that surfaced 74x revenue growth and a critical liquidity risk (Quick Ratio of 0.10x).
- Benchmarked 3 Gujarat real-estate firms across 25 parameters via a composite financial-health scorecard and competitive gap analysis.
- Applied SWOT, PESTEL, and Porter's Five Forces to assess strategic positioning within the Dholera SIR smart-city ecosystem.
- Delivered 12 prioritised recommendations across a 3-phase roadmap — equity infusion, escrow controls, and geographic diversification — presented directly to the CSO of Mirrikh Group.

Cognifyz Technologies

Jun 2025 – Jul 2025

Power BI Intern

- Designed and developed an interactive Power BI dashboard analysing investment trends, gender-based preferences, and savings objectives.
- Cleaned, transformed, and visualized raw survey data to identify key investment behaviours, information sources, and decision patterns.
- Leveraged DAX measures, interactive filters, and correlation charts to convert data into actionable insights for investment strategy.
- Presented findings that highlighted the primary drivers behind individual saving and investment decisions.
